

Vanden Avenne Commodities Environmental Policy

Vanden Avenne Commodities NV strives to take responsibility for the environment and to conduct its activities in the most environmentally friendly way possible.

In order to achieve this vision, Vanden Avenne Commodities NV will minimize the impact of its business-related activities on the environment and conduct its activities in accordance with the following principles:

- We commit to comply with all applicable environmental regulations and standards relevant to our activities and services.
- We commit to continuously improve our environmental performance and our environmental policy.
- We maintain a constructive dialogue with regulatory authorities, stakeholders, and neighbors.
- We take measures to ensure that contractors and suppliers apply environmental and compliance standards equivalent to those of Vanden Avenne Commodities NV.
- We provide our employees with the necessary training to increase environmental awareness and protection.
- We commit to reducing waste, limiting energy consumption, and minimizing CO2 emissions.
- We minimize the risk of unwanted emissions by taking preventive measures and strive for processes with the smallest possible environmental impact.
- We ensure compliance with the EU Deforestation Regulation (EUDR) for listed commodities, including submission of due diligence statements in TRACES before delivery.
- We strive for continuous improvement, measured and reported with fact-based data, which will be provided to customers upon request.

This policy statement is updated and adjusted whenever circumstances or conditions within the company change.
